2. Mile Marker Presentation  
   2.1. As a follow-up to a presentation that was made last spring, Ms. Linn and Ms. Montero presented a mile-marker alternative, flat plaques that may be embedded into the concrete, making it easier to maintain the areas around them. The Council recommended moving forward. Mr. Heuring would like for the Grounds Department to review the plan and assist with the determination of the exact location for the plaques. In addition, he will inform the President and Cabinet.
